### Profile

Hello, my name is Mahardika Kessuma Denie. I have 4 years of experience in the tech industry, specializing in web development and cross-platform mobile app development using Flutter. I build responsive, user-friendly web applications with a focus on performance and usability. I'm always eager to learn and stay updated with the latest trends in technology.

### Professional Experience

#### CV Notiva Indonesia, *Intern Frontend Engineer*

01/2021 - 06/2021

Designed and built the **Notiva CMS Admin Dashboard**, streamlining content management across platforms. Automated content workflows, reducing manual effort by **40%**, and integrated real-time analytics for better decision-making.

Bandung, Indonesia

#### KlosingId, *Fullstack Engineer*

05/2021 - 05/2022

Developed a **Customer Management System** and **landing page editor** with drag-and-drop features, boosting SME efficiency by **30%** and adoption by **25%**. Improved engagement with integrated marketing tools and interactive design. Built with **Vue.js**, **Laravel**, and **MySQL** for scalability and usability.

Bandung, Indonesia

#### Ensiklotari, *Founder & Builder | Full-Stack Engineer*

07/2021 - 09/2023

Founder **Ensiklotari.id**, a digital platform for preserving Indonesian dance culture through online classes. Recognized as a **Top 10 finalist** in IEEE 2021 Startup Competition and received **Kedaireka Matching Fund**. Built with **Vue.js** and **Laravel**, ensuring a responsive experience for early adopters. Partnered with **Sasikirana KoreoLab** to deliver professional dance content.

Bandung, Indonesia

#### Icreativelabs - PT Idekreatif Menusa Teknologi, *Fullstack Engineer*

05/2022 - 11/2022

**PT Pos Indonesia** Developed a real-time Dashboard Reporting System with data visualizations, improving reporting efficiency by **40%**.

bandung, Indonesia

**Floucloud CMS** Built a WordPress-like CMS Dashboard with a user-friendly interface. Optimized backend using **Laravel & MySQL**, reducing load times by **30%**.

#### Dinas Pekerjaan Umum dan Penataan Ruang Kabupaten bandung, *Fullstack Engineer*

11/2023 - 01/2024

Built a real-time, web-based attendance app using **Vue.js**, **Laravel**, and **MySQL**, reducing manual processing time by **25%**.

bandung, Indonesia

**Silandak Dashboard** Developed an infrastructure monitoring dashboard with **Vue.js**, **Laravel**, and **MongoDB**. Delivered interactive reports and optimized backend performance, boosting data retrieval speed by **30%**.

#### PT Ostock Profitama Indonesia (OstockId), *Fullstack Engineer*

06/2024 - 01/2025

Contributed to the Ostock Website, specifically on the Admin Dashboard and Customer Portal. Involved in fixing bugs, developing new features, and played a key role in a major project **Wholesale Order**—aimed at increasing user engagement and driving revenue growth.

Bandung, Indonesia

**PT ORDIVO TEKNOLOGI INDONESIA (ordeonline.id), Fullstack Engineer**

Developed a **seller dashboard** for Orderonline.id with real-time sales insights, increasing productivity by **35%**. Improved **UI/UX**, driving **20%** higher engagement. Automated testing with **Cypress**, cutting bug detection time by **50%**. Created **10+ storefront themes**, including a TikTok-inspired design, boosting adoption among younger users.

11/2022 - 06/2024

Bandung, Indonesia

**PT Deptech Digital Indonesia (Friendsure Indonesia), Fullstack Engineer**

Worked at Friendsure Indonesia, a company in the insurance sector, where I handled the development and maintenance of a **cross-platform insurance application using Flutter for Android**. I focused on creating an intuitive UI for managing policies and claims, integrated backend services for real-time updates, implemented secure data storage, and optimized app performance for faster load times. Additionally, I contributed to the development of the insurance website using React for the frontend and NestJS for the backend, ensuring a seamless and consistent user experience across platforms while aligning with business and user needs through close team collaboration.

02/2025 - present

Jakarta Selatan,  
Indonesia

## Education

**S1 Teknik Informatika, ARS UNIVERSITY**

GPA: 3.84 / 4.00
